

Optional Homework Week 4 Survey

1. Answer the letter that applies to you: (a), (b), or (c)
 - a. I chose to do the optional homework because...

 - b. I wanted to do the optional homework but did not actually do it because...

 - c. I did not do the optional homework because...
2. Now that we are in another “optional” homework week, *have you or will you* do anything differently? (If you did homework, you would not do it this time OR if you didn't do the homework, you would this time)
 - a. Please explain why
3. How do you know when you understand something?

This section is about the optional homework week (March 31-April 4).

1. Did you feel prepared for the quiz (#12, Identifying Types of Reactions) without doing the homework?

2. If you did the homework, did you feel more prepared because you did the homework?

This section is about the graded homework week (April 7-April 11).

3. In what ways did homework help you on the quiz (#13, Balancing Equations)?

4. In what ways does homework help you understand in class?

5. Has your opinion on optional homework changed?

As always, thank you for your time and honesty 😊
